## Mythbusters

If a large saltwater crocodile is chasing you through the Australian outback, should you run in a zigzag pattern to get away? The Mythbusters' build team; Grant Imahara, Tory Belleci, and Kari Byron, were at the St. Augustine Alligator Farm Zoological Park October 18-19, 2006 to answer that very question. To find out the answer to this and other crocodilian myths check the Discovery Channel website for programming information.
